

FOR IMMEDIATE RELEASE

NETCOMP WINS AT&T ALLIANCE CHANNEL 2004 OUTSTANDING PERFORMANCE AWARD FOR SECOND YEAR

***NetComp's Success Earns Recognition for
Most New Customers in Eastern Region***

Fort Lauderdale, FL – January 19, 2005 -- NetComp® Communications Group, Inc., a leading AT&T Authorized Agent, has won the AT&T Alliance Channel 2004 Award for Most New Customers – Eastern Region – for second straight year!

The award was presented by AT&T at a recent 2005 sales kick-off meeting in Atlanta, GA. On hand to receive the award was NetComp's President, Joseph Osborne, who began NetComp in 1997 and has seen continued growth in the company's sales for AT&T Voice and Data Services nationwide.

"We are pleased to receive this award from AT&T as recognition for our achievements in bringing new customers into our region across many industries such as healthcare, financial services and retail," said Osborne. "We also hope to expand our reach into new geographic territories and markets based on customer demand. Credit should also go to our sales and professional staff. By challenging our people to be the very best, we can improve and ultimately, all of our customers become winners as well."

As an AT&T Authorized Agent, NetComp offers all AT&T voice and data services throughout the U.S. via its national network of agents and partners. Its center of excellence, based in Fort Lauderdale, FL, with regional offices throughout the U.S., offers pre-sales and post-sales support and many additional value-added services such as engineering, planning, design, project management and network monitoring.

NetComp is currently offering clients free assessments to determine the feasibility of moving their existing network to MPLS and VoIP. If you are interested in the

NetComp Agent Program or if you are a customer wishing to ascertain the advantage of MPLS and VoIP, please call 866-843-7110.

ABOUT NETCOMP
